

EVENT MAGE LASER SHOW TOUR : BUDGET & SCHEDULE

Jan. 1, 2012

Attn: **Activities Director / Student Union**

Via email

Nth Degree Creative LLC of Everett WA is scheduling our touring college show for the Winter/Spring of 2012. Show budgets are often determined by choice of venue and associated costs for audio support, as well as use of support labor and equipment from your theater department. Our offerings for a one night hire of a single 1 hour laser light show with three laser systems is \$3,300.00, plus addendums as noted in our technical rider regards travel (\$.45/mile up to 750 miles), local lodging (1 room), AV support and notwithstanding your own institutions contractual requirements. You may add a second show for an additional \$600.00, if performed on the same night. The second show does not have to be the same program, but must be selected from our preferred library at least 2 weeks prior and we require 30 minutes to change over a theater between shows. We recommend ticket pricing not to exceed 8.00 although often a lower priced ticket helps guarantee a well attended show.

There are numerous remaining available dates as listed below, although we are limited with a single touring unit. Please indicate top 3 date choices, indicating whether daytime or evening is preferred. We will contact you to discuss availability and final budget for the light shows based on what we learn regards your preferred venue and anticipated support, expenses, etc.

Indicate top 3 Schedule Choices below and return via email, fax or mail.

January	week 1	_____
	Week 2	_____
	Week 3	_____
